

About the Health, Safety and Wellbeing Group

The Health, Safety and Wellbeing Group (HSWG) is a sub-group of the NHS Staff Council. It is a tripartite group involving staff side representatives from healthcare unions, management side representatives from NHS organisations and specialist members, such as the Health and Safety Executive, and the Institute of Occupational Safety and Health with a remit to do the following:

- to raise standards of workplace health, safety, and wellbeing in healthcare organisations
- to promote a safer working environment for all healthcare staff
- to promote best practice across both the NHS and the Independent sector.

This guidance was produced through partnership working between unions, management and specialist advisors. The group wishes to ensure this guidance is implemented with the same partnership approach. HSWG recognises that partnership working ensures best outcomes for patients and staff in protecting their health, safety and wellbeing. Find further HSWG resources to support you in your organisation.
