

Routes into NHS careers

Our series of your future roles infographics showcase the variety of roles in the NHS and the routes that existing staff can take to enter these professions. They also cover funding, time scales, and entry requirements.

- [Your future nursing associates](#)
- [Your future nurses](#)
- [Your future midwives](#)
- [Your future allied health professionals](#)
- [Your future healthcare scientists](#)

Support staff may develop their skills and become [apprentices](#), [nursing associates](#) or [assistant practitioners](#). For more information about nursing associates, read these [blogs](#).
