# Pay and Conditions Circular (M&D) 5/2024 R

Pay award for hospital medical and dental staff, doctors and dentists in public health, the community health service and salaried primary dental care (England)

## Summary

**This circular was first published on 15 August 2024. It has now been revised to include the salaries for doctors and dentists in training which have been agreed with the government for payment from 1 April 2024.**

This circular informs employers of the pay arrangements for staff covered by the national medical and dental terms and conditions of service in England, which apply from 1 April 2024.

## Action

The revised national salaries, fees and allowances set out in this circular apply in full with effect from 1 April 2024. Please implement the new awards as soon as possible.

## Increases to national salary scales from 1 April 2024

1. Salary scales for medical and dental consultants have been increased by 6% to basic pay from 1 April 2024.
2. Salary scales for specialty and specialist doctors on the 2021 contracts, and for the staff grade, specialty and associate specialist group of practitioners on pre-2021 contracts, have been increased by 6% to basic pay from 1 April 2024. These pay values supersede those published in Pay and Conditions Circular (M&D) 4/2024.
3. Salary scales for doctors and dentists in training (as revised in Pay and Conditions Circular (M&D) 4/2023 R2) have been increased by 6% plus a consolidated increase of £1000, from 1 April 2024.
4. The values of Local Clinical Excellence Awards, National Clinical Impact Awards, and predecessor awards are unchanged. Information and values for the predecessor awards can now be found at <https://www.nhsemployers.org/publications/frozen-award-values-consultants>

## Salaried Primary Care Dental Staff

5. The pay scales for salaried primary care dental staff have been increased by 6% to basic pay from 1 April 2024.

## Salaried GPs

This year is called Dental Foundation Training (previously known as the Vocational Dental Practitioner year). During this period, they are paid an allowance. This allowance is set through the General Dental Services Statement of Financial Entitlements (Foundation Training Amendments) Directions issued annually by the Department of Health and Social Care. Historically this value has been included in this circular for information. The value of this payment is confirmed following the publication of the GDS SFE (FTA) Directions and will be published in due course.

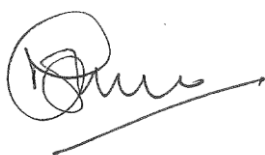

## GP and Dental Educator Payments

	CT3	MC53	4	61,825
Dental Specialty Training  <i>(note, in dental specialties only, dentists begin Specialty Training at ST1 following Dental Core Training, instead of ST3/4. \*For doctors in Oral and Maxillofacial Surgery training programmes, refer to the Doctors in training table above.

The grade codes above must only be used for doctors and dentists in national training posts. They must not be used for doctors other than doctors in training, as defined in the terms and conditions of service.

Employers wishing to pay doctors on local contracts (trust doctors, clinical fellows etc) under pay arrangements that mirror those for doctors in training must use the following grade codes:

Nodal point 1 (£36,616) local appointment grade code – MT01

Nodal point 2 (£42,008) local appointment grade code – MT02

Nodal point 3 (£49,909) local appointment grade code – MT03

Nodal point 4 (£61,825) local appointment grade code – MT04

Nodal point 5 (£70,425) local appointment grade code – MT05

There is however no requirement to use these pay values for such appointments, as local terms and conditions of employment are a matter for local determination.

### On-call availability allowance\*

Nodal point	Value (£)
1	2,930
2	3,361
3	3,993
4	4,946
5	5,634

\* payable only to doctors working on-call rotas, as defined in paragraphs 9-13 of Schedule 2 of the 2016 TCS.

### LTFT allowance

A doctor who is training less-than-full time will be paid an annual allowance of £1,000. This allowance will be paid on top of the doctor's salary and will be spread over the year, paid in monthly instalments.

Those trainees who are in receipt of the £1,500 transitional LTFT allowance, which was introduced under the terms of the 2016 contract, will continue to receive this as per Schedule 15, but will not receive the £1,000 permanent allowance on top of this. Once their entitlement to the transitional £1,500 allowance ends, they will then be eligible to receive the £1,000 allowance.

### Weekend allowance

A doctor rostered to work at the weekend (defined as one or more shifts/duty periods beginning on a Saturday or a Sunday) at a minimum frequency of 1 in 8 across the length of the rota cycle will be paid an allowance. These will be set as a percentage of full time basic salary in accordance with the rates set out in the table below:

		Nodal point 1	Nodal point 2	Nodal point 3	Nodal point 4	Nodal point 5	The weekend

allowance for less than full time (LTFT) staff is explained in schedule 2 paragraph 6 of the 2016 TCS.

### Flexible pay premia

Table 1:

Dual qualification – OMFS				
Histopathology	Histopathology	Payable to ST1 and above only	5,216	
Academia	As per paragraphs 36-41 of Schedule 2 of the TCS	Upon return to training following successful completion of higher degree.	5,216	

Table 2:

Length of training programme*	Full time annual value (£)
3 years	8,693
4 years	6,520
5 years	5,216
6 years	4,347
7 years	3,726
8 years	3,260

**Note.**

Table 2 refers to the length of the eligible full time training programme as specified by the curriculum. For a less than full time trainee, employers should use the value applicable to the full time training programme, which will then be pro-rated.

Doctors who are pay protected under Schedule 15 Section 2 will not receive the FPP on top of the amount to which they are pay protected, but will instead be paid as per the provisions of that section.

LTFT doctors will receive the FPP pro-rata (Schedule 2 paragraph 26). Doctors working towards dual accreditation will receive the FPP pro-rata to the progress the doctor is making towards CCT (Schedule 2 paragraph 33).

Doctors eligible for an FPP will be paid the relevant value for the current year. For the purposes of Schedule 2 paragraphs 24, 29, 34, 37, 40 and 43, the value of FPPs are fixed at the relevant time but will be increased by any applicable annual pay awards.

Doctors will be paid the FPP until they exit the relevant training programme, so if, for example, a doctor's CCT date is put back by a year, they should continue to receive the FPP for that additional year.

Doctors who transition to the programme part way through will receive the relevant annual FPP rate from the point that they join.

## Pay points for doctors in training transferring from Scotland, Wales, NI and Defence

Pay points for doctors in training transferring from Scotland are available [here](#).

Pay points for doctors in training transferring from Wales are available [here](#).

Pay points for doctors in training transferring from NI are available [here](#).

Pay points for doctors in training transferring from defence medical training programmes are available [here](#)

Please note that these figures may be updated following the publication of updated pay scales for all four UK countries.

As per the 2016 TCS, Schedule 15 paragraph 1, doctors moving from Health Education England and Defence Medical training programmes, as well as those in the devolved nations, are eligible for transitional pay protection. The table on the next page is to be used for the purposes of calculating the basic salary of the total cash floor amount for doctors transitioning from training programmes set out in paragraph 5 for section 1 pay protection, or the basic salary for section 2 pay protection. The doctor's basic salary on the day before transition shall be protected at the value of the equivalent 2002 TCS value for *England* of the incremental pay point they moved from, as above. Defence medical trainees are to have their pay protected at the value of their salary the day before they took up training on the 2016 TCS.

As described in the TCS, in order to provide equity for trainees within a cohort, pay protection should be applicable until either the doctor exits training, or until four years of continuous employment have elapsed from the point that the doctor is first employed on these TCS, or four years from the date at which that trainee *would have* transferred with their relevant cohort of trainees had they been in England, whichever is the sooner. Those who have not received this protection to date will need to have their pay backdated accordingly
